G. O. BY GOVERNMENT.

The Honorable the Governor in Council having been pleased to determine, that, from and after the 1st day of February 1813, the distribution, custody, and issue of Arrack, within *Fort St. George*, and at the several Out-Stations of the Army, shall be placed under the Commissariat; the following outline of the regulations which have been adopted in consequence of this arrangement, is now published for general information.

1.—On the receipt of this Order, or as soon after as may be practicable, the Arrack in store at *Fort St. George* and at the several Stations will be transferred to the Officers of the Commissariat, under the survey of Committees to be assembled for that purpose.—The quantity of Liquor will be ascertained by a stamped gallon measure which will be sent by the Military Board to Officers Commanding Stations, and its quality will be ascertained by hydrometer when practicable. The proceedings of these Committees, together with receipts of the Officer who takes charge, for the quantities expressed therein will be prepared in triplicate, one set to be delivered on the spot to the Agents for the Contractors, one set to be sent to the Commissary General by the Officer of his department, and one set to be forwarded by the Officer Commanding to the Military Board. The proceedings and receipts will of course include the number, description and quality of the casks and utensils transferred by the Contractors. The whole quantities transferred will be brought on the returns of the Commissariat, and a general return will be made to the Military Board by the Commissary General, who will also forward a quarterly return of the Arrack Department as well as of the other branches of the Commissariat, as directed in the General Order of the 9th October 1810. The accounts

and

and returns to be made to the Commissary General, will be regulated by that Officer.

2.—The Arrack Department will accordingly be conducted from the 1st of February 1813, until further orders, under the following regulations, viz. The Arrack having been received in the course of the month of January, the Officers of the Commissariat will be prepared to make the issues to the Troops on the 1st of February 1813, in the regulated proportion of two drams per man, per diem, and which shall be paid for as usual, at the rate of 45 Cash per dram or 22½ Fanams per gallon.

3.—Any extra Arrack which may be issued to the Troops at the discretion of Officers Commanding Stations on established holidays, shall be paid for at the above regulated rate; but all extra Arrack issued on any other occasion, shall be paid for at the rate of 40 Fanams per gallon, at every Station of the Army.

4.—The daily payments, however, instead of being made by individuals, as has sometimes been the case, shall always when practicable, be rendered by Corps or Companies, for which Commanding Officers will make the necessary arrangements, and it shall be considered as an invariable rule, that all payments for Arrack shall be made in the coins, which the Troops may have received from the Paymaster. The amount of their payments will be paid by the Commissariat into the hands of the Military Paymasters, who will grant their Bills in favor of the Commissary General, whose duty it will be to dispose of such bills when they reach his Office, according to the regulations of the service.

5.—When a supply of Arrack is sent to any of the Out-Stations, musters will be sent along with it, and on its arrival, the Commanding Officer of the Station will order a Committee of Officers to ascertain that the contents are equal to those musters, as also the quantities deficient.—The proceedings of these Committees shall be made out in duplicate according to form A; the original of which is to be sent by Officers Commanding to the Commissary General, and the duplicate to the Officer of the Commissariat under whose charge the Arrack is to be immediately placed.

6.—Any Arrack which may be found on examination by a Committee of a quality inferior to the muster will be noted in the proceedings, and it will be the duty of the Commissary General to adopt measures for recovering the value from the person under whose custody it may have been despatched. As the quantity which may be deficient will also be ascertained

by

by the Committee, it will be the especial duty of the Commissary General to recover the value of any quantity, the loss of which may not be accounted for in a satisfactory manner.

7.—The Commissariat Officers will issue Arrack to the European Troops on the indents of Quarter Masters of Corps and countersigned by the Officers Commanding the Corps and Garrison. The indents are to express the number of men in words as well as figures, and no indents are to be complied with which are not drawn out in all respects according to form B. Indents for extra Arrack to be of the same form, but superscribed with the words "Extra Indent."

8.—Indents for Details are to be made out by the Officer under whose charge they may be, and to be countersigned by Officers Commanding the Garrison or Station.

9.—The expense godown in the different Garrisons and Cantonments for the use of the European Troops shall not be kept open but from the hours of 7 to 9 in the morning, and from 4 to 6 in the afternoon, when they are to be shut, and the keys lodged in the guard-room—nor shall the godowns be opened at any intermediate hour for the purpose of making extra issues, which should be served out at the regular hours abovementioned.

10.—All Officers belonging to Garrison and Cantonments shall be permitted to supply themselves from the Company's stores at the rate of 1½ Pagoda per gallon. The Indents of Officers must be in writing, with their proper signature annexed and countersigned by the Commanding Officer of the Garrison or Station, who of course will regulate the quantity at his own discretion. These indents will be superscribed by the words "Officers' Indents."

G. O. By Government.

The Honorable the Governor in Council is pleased to publish in General Orders the following copy of a Report from the Committee appointed for the Examination of Officers and Gentlemen Cadets in the Persian Language.

To The Honorable

Sir GEORGE HILARO BARLOW, *Bt. and K. B.*

Governor in Council.

Honorable Sir,

Para. 1st—In conformity with the instructions conveyed to us in the letter from the Secretary to Government in the Military Department, dated the 4th instant; we have the honor to report the result of our examination of the proficiency made by Cornet Macnaghten in the Persian Language.

2d—We required Mr. Macnaghten to translate into English, an extract of considerable length from the celebrated historical work, entitled the Hubeeboos Seeyur and to turn back into its original language the greater portion of an English translation of a letter from Nizam ool-Moolk to Mohummud Shah.

3d—These translations, notwithstanding their great length were executed with facility in the course of a few hours, and the inaccuracies which they exhibit, are too few and too trifling to deserve any notice.

4th—A

4th.—A reference to the former report of the Committee dated the 6th May 1811, will shew, that even at that time, Mr. Macnaghten possessed a knowledge of the Persian language beyond the bounds of ordinary acquirement: his ready and correct performance of the exercises which we required of him, was therefore no more than what might be reasonably expected, but we should be unjust to his merits, were we not to mention that his Persian composition, independently of its general accuracy as a translation, displays a command of language and an elegance of expression, which evince his intimate acquaintance with the style and phraseology of the best authors, and reflect the highest credit upon his judgment and taste.

5th—With this view of Mr. Macnaghten's attainments in the Persian Language, we have particular pleasure in recommending, that the honorary reward established by the General Orders of the 17th October last, may be bestowed upon him.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants.

The Governor in Council has much satisfaction in conferring on Cornet Macnaghten the honorary reward to which, as formerly in the attainment of the Hindoostannee Language that Officer has established his early claims, in a very distinguished manner.

CHARGE.—Ensign G. W. S. Skipp of the 2d Battalion 17th Regiment Native Infantry, placed in arrest by order of His Excellency the Commander in Chief, on complaint of Lieutenant Cecil of the Madras European Regiment.

1st. For conduct highly unbecoming the character of an Officer, and in breach of the Governor General's Orders under date 4th October 1809, and in breach of the 31st paragraph of the letter from the Honorable the Court of Directors, communicated in G. O. 31st January 1812,—in upbraiding Lieutenant Cecil for his conduct during the late unhappy events in the Army.

2d. For language highly intemperate; and subversive of Military discipline, in declaring, that, had he been one of the party of dismissed Officers, who attacked Lieutenant Cecil in the Choultry at *Hosscottah*, that he would have broke the door open first upon him, and blown his brains out afterwards, or else drown'd him.

3d. For saying, that he, Lieutenant Cecil, could not lay his hand upon his heart, and say, that he had never written secret information to Government, during the insurrection at *Masulipatam*, and that he was considered by the whole Army in the despicable light of an informant.

4th. For offering, without the smallest provocation, to fight a duel with Lieutenant Cecil, if he was ready at any moment; and afterwards, declaring he, Ensign Skipp would not meet him, or fight with him, at all; on account of his being in Coventry, and that his brother Officers had treated him, Lieutenant Cecil, with very great lenity, in having done him no worse.

5th. In most unwarrantably scandalizing Lieutenant Cecil's character, in stating, that it was known North and South in the Army, that he introduced the European Women of his Regiment to the Rajah of *Masulipatam*; and refusing to give him up the authors of this abominable aspersion.

6th. For un-gentleman-like conduct, in refusing to give Lieutenant Cecil his name, and when repeating his request, to know it, his giving a fictitious one, viz. "Cheeks of the Marines."

(Signed) S. AUCHMUTY,
Lieutenant General.

His Excellency the Commander in Chief after a most careful and diligent examination of the proceedings on all the above Trials, as well as of every particular circumstance connected with the origin, progress and termination of the Conspiracy plotted in Travancore, has now a duty of the most delicate nature to perform, mixed with pain and satisfaction, but alike important to the honor and welfare of the Army: It relates to the just execution of the sentences awarded to those Criminals, who, by their own wicked, treacherous and mutinous designs, have forfeited their lives as a necessary example of the fate awaiting those, whose deluded judgment may lead them from their fidelity and duty as Soldiers, or from the path of that moral virtue, the security of mankind, the safety of Governments and the bond of Civil society.

No mercy can be extended to Criminals, whose horrid guilt aimed so fatal a blow against the Government of the Country and the lives of those Officers with whom they were associated for its protection.

The most paramount obligation of public duty forbids the Commander in Chief to hesitate in ordering the execution, according to the sentence of the Law, of the Criminals hereafter named. But painful as this task is, it is satisfactory to His Excellency's feelings as it must be to the Army at large, to know that those deluded and unhappy victims of their own guilty plans are convicted beyond all doubt, by the most circumstantial and positive evidence; that their characters are also corroborative of their guilty association in the plot of Murder and Rebellion, which, originating in the delirium of phrenzy, was conducted by a leader (the late Jemadar Hoossain Khan) conspicuous only by his disorderly and profligate habits.

It will also be a gratification to the Army to know, that the whole plot was confined to a few dissipated and worthless characters; and it is a proud source of exultation to the Com-

mander

mander in Chief to have traced in the most unequivocal and incontrovertible manner, that the Native Officers

whose characters, during a long and meritorious course of service, had not only been unblemished, but in many instances highly distinguished, were accused without the least foundation and with a malicious and designing motive by the Conspirators to give weight and importance to their plans, and to deceive each other into the belief that the design was seconded by men of such respectability and consequently, that it was general amongst their comrades.

The evidence on the trials of the Native Officers was such as would warrant any tribunal to pass the sentence the Court has awarded to each:—But the Commander in Chief in tracing the information received from the commencement throughout the whole of the investigation of this confined and contemptible conspiracy, as well as from a comparison of the evidence before the Court of Enquiry instituted at Quilon, with the depositions of several persons concerned, the proceedings of the Native General Court Martial, the fact that the first and principal informant against them had absconded twice, the contradictions which appeared in some of the evidences, and that invulnerable shield to all men, but particularly, to a Soldier of a high and distinguished reputation, has been enabled to defeat all attempts of the wicked and designing to rob these veteran and faithful Soldiers of their lives, their fame and honor.

The feelings of the Commander in Chief are beyond expression on this occasion, but the Army will appreciate and partake of them, and bow to that Divine Providence by whose aid he has been enabled to detect the conspiracy against the innocent.

The Commander in Chief begs that the President and Members will receive his acknowledgments for the very judicious, deliberate, honorable and exemplary manner they have discharged the important duty it fell to their lot to perform; and the Commander in Chief feels it a duty he owes to them to declare, that the whole of their sentences have been just and strictly conformable to the evidence before them, although that evidence, as it relates to the charges against the Native Officers,

Officers, was totally at variance with the first and most credible depositions received on the discovery of the plot.

To Lieutenant Colonel Hall, whose conduct during the late Conspiracy in Travancore has already been honoured with the full approbation and applause of the Honorable the Governor in Council and the Commander in Chief, it would seem unnecessary to add further praise; but, in concluding the proceedings consequent to that event, His Excellency considers it due to Lieutenant Colonel Hall, the Field Officers and Captains who composed the Court of Enquiry at different periods, and to the Officers in general, to express his approbation of the decision, firmness and judgment which marked their conduct throughout this trying occasion.

FORT ST. GEO[illegible], 23d February 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to direct, that the following regulations for the Recruit Establishment attached to Corps, be substituted in lieu of those in the 18th Section of the Code of the 11th of March 1806.

RECRUIT ESTABLISHMENT.

Para. 1.—Exclusive of the Effective Establishment of Corps, the undermentioned number of Boys are in future to be attached to each, under the following regulations.

	Boys. Recruits.	Boys. Pensioners.	Boys. Total
To a Regiment of Native Cavalry	8	10	18
To a Battalion of Native Infantry	30	40	70
To each Battalion of Foot Artillery	30	40	70
To a Battalion of Pioneers	30	30	60

2.—These Boys shall be enrolled, mustered, paid and returned, under the denomination of Recruit Boys and Pensioned Boys.

3.—The Recruit Boys are to be considered as attached to Corps for the purpose of completing its Establishment and are to be selected from the sons and brothers, or near relations and connexions of the old Soldiers of the several ranks, or of such other men of Corps as are inclined to enter the Service, giving the preference to the sons, brothers and relations of men who have lost their lives in it, and those of Native Officers of good family and connexions.

4.—Recruit Boys are not to be entertained under [illegible] years of age, nor unless they are healthy, well limbed and of size equal to their age.

5.—The admission into the Service and transfer to the Effective Establishment of each Recruit Boy, shall be particularly noted in the muster rolls.

6.—Each Recruit Boy shall receive one Star Pagoda monthly pay, until he is dismissed from the Drill and is found fit to take his tour of common duties, when he shall be transferred to the Effective Establishment of the Corps to which he belongs,

longs, and be entitled from that period to the pay, clothing, and all other allowances of an Effective Soldier—No stranger is on any account to be entertained to fill up a casualty in a Corps if there be a Recruit Boy fit for the Effective list, or who will become so, within three months.

7.—Any Recruit Boy, who at the age of 18, may not have attained either height or strength to be transferred, is to be reported to Head Quarters, in order that he may be discharged.

8.—Every Recruit Boy transferred to the Effective strength of a Corps shall within one week of the transfer take an oath of fidelity to the Company, to be administered by a Priest of his own cast, in front of the Corps and under it's Colours—The Articles of War also shall be read to him immediately after this ceremony, which must be performed with the solemnity due to the occasion.

9.—Pensioned Boys may be admitted on that Establishment at any age. They are to be selected by Commanding Officers of Corps under the sanction of the Commander in Chief, from among the sons of deceased Native Officers and Soldiers, but if the Establishment be at any time incomplete and there be no children of this description, the sons of Native Officers and Soldiers who may have large Families without adequate means of maintaining them, may be admitted.

10.—It is to be understood as a fixed principle, that an Orphan is on all occasions to have the preference, and if necessary, the eldest child on the Establishment, whose Father may be still living, must be removed to make way [illegible] will be eligible to be re-admitted on the next vacancy if the claim of any other Orphan should not interfere.

11.—Pensioned Boys on having attained the age of 11 years and being in other respects eligible, are to be transferred as vacancies will admit to the Establishment of Recruit Boys; should they, however, be unhealthy, deformed, or in any other respect unfit for the Service at the age of 14 years, they must be reported to Head Quarters, to be discharged.

12.—Each Pension Boy to receive one Star Pagoda monthly pay, and to be mustered, paid and returned as such.

13.—Commanding Officers of Native Corps shall twice a year, viz. on the 1st of January, and on the 1st of June, transmit to the Adjutant General's Office a report of the Recruit and Pensioned Boys admitted under this regulation stating their age, and size, and the probable time of each Boy becoming effective.

HEAD QUARTERS: CHOULTRY PLAIN, [illegible]h March 1813.

G. O. BY THE COMMANDER IN CHIEF.

In issuing his last Orders to the Army on this Establishment, the Commander in Chief is called on, by the most powerful motives, to assure them of the satisfaction that has been afforded him, by their uniform good Conduct, and improved state of discipline. When he had the Honor to assume the Command, he confidently expected from them, the habits and the virtues of Soldiers;—That expectation has been fully realized.—He can with truth assert, that their spirited and chearful cooperation, has given a facility to the execution of his various Official duties, not only extremely gratifying at the moment, but the recollection of which, must be a source of pride and of comfort to him, the remainder of his life.

It is some consolation in parting from them to reflect, that they will be Commanded by an Officer, whose birth and distinguished services, eminently qualify him, for the important trust, and authorize an expectation of a continuance of the same chearful and prompt obedience, which the Commander in Chief has experienced, and which must ever ensure to them, the respect of their enemies and the gratitude of their Country.

The Commander in Chief feels it particularly incumbent on him,

him, to assure the Native Troops, that he has the firmest confidence in their attachment to the Government, to their Officers and their Colours.—They are sensible, that in attention to their Religions and Customs, in an honorable and liberal maintenance, and in a provision for their old age, no Service equals the one, they have voluntarily embraced.—They must be gratified, at being chosen to protect their Countrymen, happily placed under the mild and beneficent rule of the Company's Government.—They must see with pleasure, the good consequences that are daily resulting in the prosperity of the Country, from the security afforded by wise and equal laws, both to persons and to property. To their European Officers, they will look up with attachment, veneration, and respect, and they in their turn, as they value the honor of the British Arms, the dearest interests of their Country, and the happiness of the Troops entrusted to their controul, will pay every attention to the Native Officers and Men, will treat the former, with the respect due to their distinguished situations, and the latter with the kindness and forbearance, which their fidelity to the State, and chearful discharge of their duty, so forcibly require.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish, the following Extracts of Letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 9th September 1812.

Letter to England dated 24th October 1808. Para. 19.—Cadet Buckworth's Rank fixed on grounds of general convenience, request Court's sanction that the arrangement may be final.	*Para* 6.—" We approve your " proceeding on this subject, " and direct that the arrange- " ment be considered final."
Para. (50 and 51). Losses sustained by Officers and Men of the Pioneers in the storm of December 1807, a proportion of the loss made good.	9.—" We shall not object to " the allowance you have made " to the men of a month's pay, " and to the European Officers " of a compensation for public

" property destroyed in the storm of December 1807."

10.—" We at the same time think, it necessary to remark, " that individuals can have no claim upon the Public for " losses sustained by storms, fire or other accidents, and we " desire that no allowance be made on such occasions, except " in very particular cases, and after reference to us."

Para. 54.—Complaint of Lieutenant Colonel M'Neil against the Pay and Audit Departments unfounded and improper.	15.—" On a perusal of the do- " cuments referred to in this pa- " ragraph, we agree with you in " opinion, that the proceedings

" of your Military Auditor, and Paymaster Generals were not " censurable and that the hardships of which Lieutenant Co- " lonel M'Neil has complained, arose from his inattention to " the Pay Regulations of Government, which it is the peculiar " duty of your Military Auditor and Paymaster Generals, to " enforce."

16.—" We have on this, and many other occasions observed, " that very unmerited, insinuations are thrown out by Officers " against our Military Auditors General under, we believe, a " mistaken idea, that a considerable degree of discretion rests " with those Officers in enforcing the Pay Regulations of " Government."

17.—" We conceive it to be of importance, that the Officers " of our Army should clearly understand, that the Military " Auditor General has no discretionary authority, but is bound " to enforce the Regulations of Government respecting the

" Pay,

" Pay and Allowances of the Troops with the utmost strictness " and precision."

18.—" With this view, as well as with a view to relieve the " Military Auditor General as much as possible, from the " odium, which a strict attention to his duty is too apt to " produce, as also with a view to secure, as far as may be " practicable, a continuance of that meritorious discharge " of public duty which has hitherto distinguished our Military " Auditors at all our Presidencies, we direct, that the " Military Auditor General take an Oath of Office to the " following effect: " That he will diligently and faithfully " execute the duties of his Office, and apply the Regulations " of Government impartially, and without favor or affection " to any one, according to the best of his judgment and abili- " ty."

" A similar Oath must be taken by the Deputy Military " Auditor General; and by the Assistant Deputy Auditor, " whenever, from the sickness or absence of the Military " Auditor General and his Deputy, the Assistant Auditor may " be in charge of the Office."

19.—" And we direct, that this Regulation, together with " our reasons for directing it, be notified to the Army in " General Orders."

Para. 249 & 50.—Conductors of Ordnance recommended to be allowed furlough to Europe, on pay.

112.—" Having granted this " indulgence to the Conductors " of Ordnance on the Bengal " Establishment, we shall of course, not refuse it to the " Conductors of Ordnance on the Establishments of the other " Presidencies."

Para. 5.—Memorial from the Widow of the late Lieutenant Colonel Smart, praying that her Son may be educated for the Artillery, and appointed a Cadet for that Corps, strongly recommended.

281—" We have consented to " the appointment of Mr. Ha- " milton Edmund Smart, son of " the late Lieutenant Colonel " Smart, to be a Cadet of In- " fantry on your Establishment, " but we cannot comply with the application for his ap- " pointment to the Artillery.

Letter dated 9th September 1812.

Para. 2.—" Being of opinion, that there is no longer " any reason to prevent the return of the undermentioned " Officers with their rank in our Military Service on your " Establishment, we have accordingly permitted them to " return by the Ships of the ensuing season, viz.

Lieutenant Colonel Thomas Boles.
Lieutenant Colonel George Martin.

Major

Major John De Morgan.
Major Josiah Marshall.
Captain James Grant."

3.—" Lieutenant Colonel Poole H. Vesey of your Establishment, retired from the Company's Service (with our permission) from the 2d June last."

4.—" The undermentioned Officers on your Establishment have our permission to remain in England, till the departure of the first Ships of this season."

Lieutenant Colonel James George Scott.
Lieutenant Colonel Thomas Tichborne.
Captain William G. Pearse.
Lieutenant W. Lowther Church.

6.—" We have permitted Lieutenant William Lowther Church and Ensign William Raynsford Taylor, to return to their rank on your establishment."

Letter dated 16th September 1812.

Para. 2.—" Lieutenant W. L. Church and Ensign W. R. Taylor of your Establishment (who have our permission to return to their duty) have been appointed by us to take charge of the Recruits embarked on board the Inglis during the voyage, and in consideration of the trouble and responsibility of that duty, we have complimented Lieutenant Church and Ensign Taylor, with the sum of £ 150 each, and the latter is to draw the regimental pay of his rank during the voyage, although under the regulations for pay on furlough and the permission granted to him to come to Europe, he is not otherwise entitled to such pay."

3.—" Major Thomas Little of your Establishment, has our permission to remain in England till the departure of the last Ships of this season."

FORT ST. GEORGE.

HONORABLE SIR,

We have the honor to report to you, that in conformity to our instructions, as conveyed in Mr. Secretary Strachey's letter of the 12th instant, we proceeded to the examination in the Hindoostany Language of Lieutenant Higgins of the 1st Battalion 17th Regiment Native-Infantry, and are happy in being enabled to state that, that Officer has acquitted himself in the several tasks assigned him, with no common ability; his translations from the Hindoostany into English were made with the greatest exactness, and his version from the latter to the former Language, exhibited an extensive knowledge of words, although the idiom which he adopted was not always in strict conformity to the usage of the Carnatic dialect.

Lieutenant Higgins appears to converse in the Language with perfect fluency.—We beg accordingly to recommend him for the usual honorary reward.

We have the honor to be,

Honorable Sir,

With great respect,

To The Honorable

SIR GEORGE HILARO BARLOW, *Bart. & K. B.*
Governor in Council,
&c &c. &c.

HONORABLE SIR,

We have the honor of reporting to you, that agreeably to our instructions, as conveyed in Mr. Secretary Strachey's Letter of the 5th Instant, we have proceeded to the examination, in the Hindoostanee Language, of Lieutenant Fireworkers Lewis and Mackenzie of the 1st Battalion of Artillery and Lieutenant Mallandaine of the 1st Battalion 18th Regiment; of these Gentlemen, Lieutenants Lewis and Mackenzie performed the usual exercises with great exactness and facility. The translation of Mr. Lewis from English, into Hindoostanee, was rendered with a degree of spirit and felicity of expression, that reflects the greatest honor on his acquirements. Mr. Mackenzie's translations displayed, at the same time a very satisfactory knowledge of the Language.

The written versions of Mr. Mallandaine were not made with that perfect exactness, which we might have been led to expect from his standing in the Service (being a Lieutenant of 1805) and formerly employed as one of the Instructors to the Cadet Company.

When called on, however, to converse in the Language, he displayed a particularly prompt and unembarrassed elocution, and such as could only have resulted from a full knowledge of the colloquial idiom and phrases of the vernacular dialect.

We accordingly beg leave to include him in our recommendation, with the two Gentlemen abovementioned, for the usual honorary reward.

We have the honor to be,
Honorable Sir,
With great respect,
Your very obedient humble Servants,

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby has been pleased to direct the publication of the following General Orders by His Royal Highness The Commander in Chief.

HORSE GUARDS, 10*th August* 1812.

GENERAL ORDERS.

With reference to the General Order which was issued to the Army on the 18th June last, on the Subject of Abuses and Irregularities which have been committed in the First Royal Surry Regiment of Militia, The Commander in Chief has directed, that the following Copy of a Letter, which was addressed by His Royal Highness on the 6th Instant, to the General Officer Commanding the Eastern District, respecting *Captain Joseph Dawson, of the first Regiment of Surry Militia*, shall be read at the head of every Regiment, and entered in the General Order Book of each Corps.

By Command of His Royal Highness, The Commander in Chief,

(Signed) HARRY CALVERT,
Adjutant General.

COPY of a Letter addressed by His Royal Highness The Commander in Chief, to General the Earl of Chatham, K. G. or General Officer Commanding the Eastern District, dated

HORSE GUARDS, 6*th August* 1812.

MY LORD,

In reference to the Prince Regent's Commands as conveyed in my Letter of the 13th June last, that a General Court Martial should be assembled for the Trial of *Captain J. Dawson, of the first Royal Surry Regiment of Militia*, according to the Request made by that Officer before the Board of General Officers assembled to investigate the Abuses and Irregularities prevalent in that Corps, I am now to acquaint you, that although the Misconduct of *Captain Dawson* appeared to be of a more culpable Nature, than that of others who have already incurred the Penalty of Removal from the Service, inasmuch as he appeared to be himself guilty of those gross instances of Peculation and Injustice, which certain of his brother Captains permitted to be practised by the Pay Serjeants of their respective Companies; yet under all the circumstances of the case, I have considered

it

it expedient to submit to The Prince Regent, that the application of *Captain Dawson* to withdraw his Request for a Court Martial, shall be acceded to *upon the Condition of his Dismissal from His Majesty's Service, with such marked Publicity as may be considered due to the Infamy of Conduct acknowledged by the Prisoner's desire to avoid Investigation, and his voluntary Acquiescence in such Penalty.*

I have therefore to acquaint you, that the Prince Regent has been pleased, in the Name and on the behalf of His Majesty, to command that *Captain Dawson shall be dismissed from His Majesty's Service accordingly*, and that the grounds of such Dismissal shall be circulated throughout the Army, in reference to the Communications of the Decisions already passed upon Irregularities of the First Surry Militia, in which the intimation of Captain Dawson's Trial by Court Martial was included.

Your Lordship will acquaint me with the day upon which the Prince Regent's pleasure is made known to Captain Dawson, as from that day he will cease to receive Pay in His Majesty's Service.

I am, &c.
(Signed) FREDERICK,
Commander in Chief.

HORSE GUARDS, 25*th September* 1812.

GENERAL ORDERS.

It is His Royal Highness the Commander in Chief's Command, that Soldiers, who from circumstances of urgent necessity, may require a prolongation of furlough, shall address themselves to the nearest Military Officer, being a General Officer on the Staff, the Commanding Officer of a Regiment or Depôt, an Inspecting Field Officer of the Recruiting Service, or other Officer with the Rank of Captain on that duty, or the Adjutant of a Corps of Local Militia, and that in no case shall they apply to Civil Magistrates, unless they can make it appear that no Officer of any of the before-mentioned descriptions is stationed or resident within a reasonable distance from the place where they may happen to be. And it is further His Royal Highness's Command, that when Officers, after due investigation, find it expedient to extend a Soldier's furlough, they shall invariably make a communication to the Officer commanding the Corps to which the

the Man belongs, apprizing him of the circumstances of the case, and the necessity of the measure.

By Command of His Royal Highness, The Commander in Chief,

HARRY CALVERT, *Adjutant General.*

By order of Lieutenant General The Hon. John Abercromby.

Dep. Adjt. Genl. His Majesty's Forces.

G. O. BY THE COMMANDER IN CHIEF.

The following General Orders by His Excellency the Commander in Chief, are published for the general information of the Army.

Head Quarters: Choultry Plain, 13th May 1813.

GENERAL ORDERS.

With reference to General Orders of the 4th August 1801, Lieutenant General The Honorable John Abercromby is pleased to desire Officers in Command of Regiments to transmit to The Commandant at Poonamallie patterns of such necessaries as they may be desirous of having furnished, under his superintendence, to Recruits arriving at the Depôt.—The Commandant will cause the several articles to be made up in conformity to the patterns supplied as above directed, but as that Officer is responsible for the comfort and appearance of His Majesty's Detachments under his Command, the quantity of things given out must be regulated by the exercise of his discretion, it being clearly understood however, that His Excellency The Lieutenant General is of opinion the issue of necessaries to Soldiers, previous to joining their respective Corps, ought to be as limited as circumstances will possibly admit.

By order of Lieutenant General The Hon. John Abercromby.

(Signed) E. J. MACGREGOR MURRAY,

Dep. Adjt. Genl. His Majesty's Forces.

Head Quarters; Choultry Plain, 14th May 1813.

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby, has been pleased to direct the publication of the following General Orders:

Head Quarters: Cawnpore, 13th April 181[illegible],

GENERAL ORDERS.

The Commander in Chief in India has been pleased to direct, that

that the following Copy of a Circular Letter from the Adjutant General, dated Horse Guards, the 18th January, 1812, containing instructions, in addition to those detailed from Page 279 to 288 of the General Regulations of the Army, dated Horse Guards, the 12th August 1811, shall be published in orders for general information.

CIRCULAR.

HORSE GUARDS, 18TH JANUARY 1812.

"SIR,

"Referring to an establishment, which has recently taken "place, in which the Commander in Chief feels the most lively "interest, I have His Royal Highness' commands to desire "you will instruct the General Officers, in Command of "Brigades, in the District under your orders, to be very "minute in their Confidential Reports, as to the Regimental "Schools of the Corps under their command."

"It is the Commander in Chief's wish to receive Returns of "the Schools, stating the number of Scholars of each sex, "with the opinions of the General Officer and Chaplain, or "officiating Chaplain, as to the talents and correctness of "conduct of the Serjeant School Master, and of the progress "of the Children under his tuition."

"It is also the Commander in Chief's pleasure, that the "Confidential Reports shall hereafter specify, what has been "the attendance of the Chaplain, or officiating Chaplain, "(specifying him by name), at the Regimental, and other "Hospitals of each Station and District, what has been the "accommodation for each Corps for attending Divine Ser- "vice; and whether Divine Service has, or has not, been "regularly performed on each Sunday, and duly attended by "all the Officers, Non-commissioned Officers, and Soldiers "of the Regiment:—if there has been any omission in the "performance of this duty in any Corps, His Royal High- "ness requires such omission to be specified."

"The certificate required from the officiating Chaplain, to "the letter and spirit of which the Commander in Chief enjoins "the strictest conformity, is to specify, that, in addition to the "usual duty of Sunday, he has visited the sick, twice in each "week.—There may, however, be cases in which, from casu- "alties, or other circumstances, some deviations may become "unavoidable; in such instances the omissions must be entered "both with their dates, and causes on the back of the certi- "ficate.—If the General of the Brigade has reason to be dissa- "tisfied with the conduct or character of the officiating Chap- "lain, he will report the same to the Chaplain General."

"The

"The Commander in Chief desires, that the attention of "the Officers in the Command of Brigades and Regiments "may be particularly called to the frequent Practice of Firing "with Ball, and in the Confidential Reports of the former, "His Royal Highness expects to receive the most satisfac- "tory information as to the progress which each of the Corps "under their orders is making in this essential branch of in- "struction, to ascertain which, it will be necessary for the "General Officers frequently to take men indiscriminately "from the ranks, and direct them to fire ball in their pre- "sence."

"The Commander in Chief commands me to avail myself "of this opportunity of correcting a mistake, which appears "in many instances to prevail, viz. that it is requisite for the "General Officer to specify the day on which he inspected "each Corps, making his Confidential Report apparently "the result of such inspection. On the contrary, it is the "Commander in Chief's intention that the Confidential Re- "ports shall be the result of daily observation, and continual "intercourse, and His Royal Highness expects, that every Of- "ficer entrusted with the command of a Brigade, shall make "himself so conversant with the interior œconomy and "actual state of every Corps, of which it is composed, and "so acquaint himself with the talents and exertions of every "Officer under his command, that he shall be prepared at "any time, on the shortest notice, to furnish from his own "personal knowledge and observation, the information which "His Royal Highness requires on each of the points detail- "ed in the General Regulations of the 12th August 1811, "in addition to those to which, I have now by His Royal "Highness' Command called your attention, and I am fur- "ther directed to request, that the Confidential Reports and "Returns may be transmitted as soon as possible after they "are completed, as the delays which have in many instances "attended their transmission have very much diminished "the interest with which the Commander in Chief receives "and examines these Reports."

"The Commander in Chief deems it very expedient that "you should immediately communicate the substance of this "letter to the General Officers under your command, that "each individual may be fully apprised of the nature and "extent of the duties, which His Royal Highness considers "to attach to every General Officer employed on the Staff, "and that each may be prepared on every occasion, and on "every particular, to answer His Royal Highness' enquiries

"and

"and expectations, in a manner, which may evince his own "capacity for command, and attention to his duty at the "same time that he furnishes the required information, in "reference to the Corps placed under his immediate care, "and superintendence."

I have the honor to be, &c. &c.

(Signed) HARRY CALVERT,

Adjutant General.

LIEUTENANT GENERAL
SIR GEORGE NUGENT, BART.
&c. &c. &c.

If the General Officer finds reason to be dissatisfied with the conduct or character of the officiating Chaplain attached to the Station or District under his command, he will specially report the same to the Commander in Chief, or Officer Commanding the Forces of the Presidency under which he may be serving, instead of reporting to the Chaplain General, as directed in the 4th Paragraph of the foregoing Letter.

Whenever it shall happen that a Regiment is quartered at a Station or District, to which no Chaplain is attached, the Inspecting Officer will notice the circumstance in his Confidential Report.

It having in some instances been represented that from the want of His Majesty's Regulations, Inspecting Officers have not been able to make that clear and distinct report which is required of them. The Commander in Chief is pleased to direct that previous to the inspection taking place, the Commanding Officer of the Corps to be reported on, will furnish the Inspecting Officer with His Majesty's Regulations on this head, and of every other order relative thereto, which he may have received,—and whenever circumstances shall occur to prevent the inspection being made at the periods prescribed by the Regulations, viz. in the early part of the months of May and October in each year, His Excellency desires that the cause of it may be specified in the Confidential Report, which, with every other document connected therewith, are required to be made on paper of the demi size, in order to correspond with the size of the Inspection Returns.

The Commander in Chief, adverting to the different modes which some Inspecting Officers have adopted of addressing, and of forwarding their Reports, is pleased to direct that the Confidential Letter shall in future, be addressed to the Commander in Chief in India, which, with the Inspection Returns, Reports, &c. are to be transmitted under cover to the

the Adjutant General of His Majesty's Forces in India, to be submitted to His Excellency.

The above documents are required to be forwarded in duplicate, and ... be signed by the Officer Commanding the Regiment or Battalion, and countersigned by the Inspecting Officer.

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby adverting to the Circular and Confidential Letters dated Horse Guards, the 25th of March 1812, from the Adjutant General, to Commanding Officers of Corps, accompanied by the Copy of a Warrant empowering the Colonel, or Officer Commanding, to hold in the Regiment under his Command, General Regimental Courts Martial, directs that the proceedings of such General Regimental

Courts

Courts Martial shall be taken down by the President, or one of its Members to be named by him.

The President and Members of such Courts shall be sworn, as directed by the Articles of War, with relation to "All Trials by any Court Martial [other than General Courts Martial]."

The proceedings of all such Courts Martial from Corps stationed in the Field are to be transmitted by the Officer Commanding the Corps, for confirmation, to the General or other Officer Commanding the Field Force, and from Regiments quartered at any other Station, District, or Division; to the General or other Officer Commanding such Station, District, or Division.

The original proceedings of General Courts Martial, after being approved and confirmed, are to be returned to the Commanding Officer, by whom they will be transmitted without delay to the Deputy Judge Advocate of His Majesty's Forces, for the purpose of being immediately forwarded to the Judge Advocate General in London.

His Excellency the Lieutenant General has deemed proper to order that the 2d and 3d Paragraphs of the Adjutant General's Confidential Letter of the 25th of March 1812 should here be recapitulated, and to direct the particular attention of the Officers of His Majesty's Army to the sentiments and instructions therein conveyed; a strict observance of which cannot fail to produce the most beneficial effects to the Service.

" The Commander in Chief has commanded me to take this " opportunity of stating, that there is no point on which his " Royal Highness is more decided in his opinion than that " when Officers are earnest and zealous in the discharge of " their duty, and competent to their respective stations, a " frequent recurrence to punishment will not be necessary."

" The Commander in Chief is confident the Officers of the " Army are universally actuated by a spirit of justice, and " impressed with those sentiments of kindness and regard " towards their men, which they on so many occasions have " proved themselves to deserve, but His Royal Highness has " reason to apprehend that in many instances sufficient atten- " tion has not been paid to the prevention of crimes.—The " timely interference of the Officer, his personal intercourse " and acquaintance with his men (which are sure to be repaid " by the Soldiers' confidence and attachment,) and above all, " his personal example, are the only efficacious means of " preventing Military offences, and the Commander in Chief " has no hesitation in declaring, that the maintenance of " strict discipline, without severity of punishment, and the

" support

" support and encouragement of an ardent and Military " spirit, in a Corps without licentiousness, are the criterions, " by which His Royal Highness will be very much guided in " forming his opinion of the talents, abilities, and merit of the " Officers to whom the command of the different Regiments " and Corps of the Army are confided."

Commanding Officers of Regiments are desired to draw the attention of Officers composing Regimental Courts Martial, to the 1st paragraph of the Adjutant General's Confidential Letter dated the 25th of March 1812.

General Officers will transmit with their half yearly Confidential Report, a list of Soldiers tried by General Regimental Courts Martial since the date of the last Inspection of the Corps reported on, and the proceedings of such Courts are to be regularly registered in the books of His Majesty's Regiments, as prescribed, in the instance of Regimental Courts Martial, by the Regulations and Orders for the Army dated Horse Guards, 12th August 1811—Pages 284 and 296.

The above directions are to be strictly complied with, and immediately acted on, by Regiments already in possession of the Circular, and Confidential, Letters, and Warrant of the 25th March 1812, and by other Corps, successively, on receiving them from Europe.

By order of Lieutenant General The Hon. John Abercromby.

HEAD QUARTERS : CHOULTRY PLAIN, *14th January* 1804.

GENERAL ORDERS.

Much inconvenience having arisen from the delay attending the notification to the Commander in Chief of appointments made in England to His Majesty's Regiments in India.

Officers Commanding Corps will in future, on receipt of official notification from the War Office, or Regimental Agent, of any promotion or appointment which may have taken place in their respective Corps, immediately transmit a copy of such notification thro' the Office of the Deputy Adjutant General to Head Quarters at Calcutta.

(Signed) J. CAMPBELL,

Acting Dep. Adjt. General.

HEAD QUARTERS : CALCUTTA, *27th February* 1808.

GENERAL ORDERS.

" To obviate the serious inconvenience which has been heretofore too frequently experienced by Officers selling their Commissions on retiring from the Service, or on promotion, as well as by the Purchasers when their promotion has not been confirmed by His Majesty, His Excellency the Commander in Chief is pleased to direct that the following rules and regulations be henceforth rigidly observed in the sale and purchase of Commissions in His Majesty's Regiments serving in the East Indies.

" 1st—The most strict attention shall be paid by Commanding Officers of Corps to enforce His Majesty's regulations in respect to the price prescribed for the respective ranks of Officers in his Regiments on promotion or exchange.

" 2d—No applications for promotion (with or without purchase) or exchanges will be attended to, which do not pass through the regular channels, supported by the usual certificates from the parties concerned and their respective Commanding Officers.

" 3d—Officers applying to purchase, or exchange from Infantry to Cavalry service, shall deposit the amount of the purchase money, or of the difference between the two services, with the Paymaster of the Corps, or some respectable Agent, and shall forward his or their certificate of being in possession thereof, and of its being forthcoming with the interest which may have accrued thereon when His Majesty's confirmation of

of the promotion or exchange shall be notified in General Orders.—This certificate is to bear the signature of the Officer, in command of the Corps, signifying his belief that the Agent is a person of sufficient responsibility for the fulfilment of his engagement,—it being nevertheless clearly understood, that, until the money be paid, the Purchaser is to be answerable for the amount the same as if it had been lodged with the Agents of the Regiment.

"4th—When Officers succeed by purchase to the Commissions of Officers retired from the Service, or promoted, in Corps not serving in India, the purchase money (with interest from the day of promotion to the day of remittance) is to be remitted by the very first opportunity to the Agents of the Regiment, and a certificate of the nature of the remittance and the conveyance is to be transmitted by the Regimental Paymaster thro' the Commanding Officers of Corps to the Agents, and duplicate thereof thro' the regular channel to the Military Secretary of His Excellency the Commander in Chief,—Commanding Officers stating on such certificate their belief of the correctness of its contents.

"5th—When an Officer is recommended for promotion with or without purchase, his length of service in the Army and the Ranks purchased by him, are to be invariably notified to Head Quarters, as well as the name of the Officer entitled to the purchase money when the Commission is on sale.

"6th—When an Officer is recommended for promotion with or without purchase, who is not the senior of his rank, the reason of such recommendation is to be particularly explained.

"7th—No Gentleman is to be recommended for a Commission, with or without purchase, without reporting his age, address, and that he is not a half-cast or person of colour."

(Signed) W. GRANT KEIR,

Adjutant General King's Troops.

Lieutenant General The Honorable John Abercromby is surprised at the frequent deviations, from the above clear and precise instructions, by which their republication is rendered necessary, and, should the Service be subjected to inconvenience in future by instances of similar inattention to General Orders, His Excellency will not fail to designate them by marks of his disapprobation.

By order of Lieutenant General The Hon. John Abercromby.

(Signed) E. J. MACGREGOR MURRAY,

Dep. Adjt. Genl. His Majesty's Forces.

His Excellency the Governor in Council is pleased to direct, that the following extract from a letter dated the 21st October 1812, from the Honorable the Court of Directors to the Right Honorable the Governor General in Council, shall be published in General Orders.

Para 17.—"Sir Harford Jones having stated to us, that "His Royal Highness the Prince Royal had been pleased to "confer on the Subidar of the Horse Artillery left by General "Malcolm and on Syed Hoossein and Hoosseinee Beg, "the Jemidars of Sir Harford's Escort, Gold Medals of the "Order of the Sun, we direct, as a special mark of our favor, "that our permission to wear these honorable testimonies of "their good behaviour, be publicly announced to these "persons."

18.—"And, as Sir Harford Jones has strongly represented "to us the orderly and exemplary conduct of the Native "Officers, and men composing his Escort, during the three "years they were with him, as well as the great hardship they "patiently underwent from the extreme severity of the "winters at Tauris; and as we are desirous, on all occasions, "to reward and encourage such a disposition in our Native "Troops, particularly when employed on distant service, we "direct, that Syed Hoossein and Hoosseinee Beg, the "Jemidars above mentioned, be promoted to the rank of "Subidars and that Syed Mohed Deen, who acted as Orderly "to Sir H. The Honorable the Governor in Council is pleased to publish the following extracts of letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 9th September 1812.

To England dated the 24th October 1808.

186 & 7.—Lieutenant Jobson's name erased from the Army, he being supposed to have perished on his passage to Bombay.

Promotions in consequence of the supposed deaths of Lieutenant Berrington and Lieutenant Colonel Macfarlane.

Para. 83.—Lieutenant Jobson died the 10th January 1808; Lieutenant Berrington and Lieutenant Colonel Macfarlane died at the dates mentioned by you. —Your proceedings were therefore proper.

262.—Memorial from the Field Officers and Captains of the Invalid Establishment, praying that the shares of Off-reckonings taken from them by the arrangement of 1803 may be restored to them.

127.—We must admit that the general arrangement relative to the surplus Off-reckonings which we thought proper to adopt in 1803, has borne hard upon the Field Officers and Captains of the Invalid Establishment of your Presidency, who formerly received certain proportions from the surplus of the stoppages of the European Invalids.

128.—We do not think it proper that the principle of the arrangement of 1803 should be disturbed, but we authorize you to grant from the Off-reckoning Fund a sum equal to the amount of what each Invalid Officer, now alive, actually benefitted from that source of emolument previous to the introduction of our regulations of 1803. It is however to be clearly understood, that this allowance is not to be made to the heirs or representatives of any Invalid Officer since deceased, nor to any Officer invalided since our arrangement of 1803 took effect.

Letter

Letter dated the 21*st October* 1813.

Separate letter to England dated the 24th of October 1808.

38.—We desire your attention to the following extracts from our Orders to Bengal contained in Para. 75 of our Military Letter dated the 7th September 1808, and Paras. 10 to 12 of our Military Letter dated 27th February 1811.

Para. 75.—In future we direct that Officers be not permitted "to retire from our Service in India, but that those who intend "to quit the Service be first allowed to come to Europe on "furlough, that their applications for the purpose of retiring "may be submitted to the Court."

Military Letter to Bengal dated 7th February 1811.

10—"You acted correctly in not granting an advance of "pay to Lieutenant Colonel Hutchinson, he having previously "drawn three years pay when on furlough."

11—"In reserving to ourselves the power of granting "pensions after certain periods of service to our Officers, we did "not intend to refuse them the pay of their several ranks during "their passage home. In all cases therefore, where we shall "allow Officers to retire on the pensions of their ranks, we "shall also allow them pay, from the date at which it shall "appear from their several certificates they shall have ceased "to draw it in India."

12.—"But as Officers may some times quit India with an "intention of requesting our permission to retire on the "pensions of their respective ranks, and may yet afterwards "decline to prefer, or may withdraw those requests, we direct "that no advance of pay be in any case made to Officers who "have already drawn three years pay on furlough, but that "the adjustment of their claims after leaving India be left to "us."

SENTENCE.—The Court after maturely considering the evidence before it, and what the Prisoner Thomas Fullam, Private in His Majesty's 89th Regiment, has urged in

in his defence, is of opinion, that he is guilty of the Charges preferred against him.—It doth therefore by virtue of the Rules and Articles of War for the better government of all His Majesty's Forces, sentence the said Thomas Fullam to suffer death by being shot, at such time and place as His Excellency the Commander in Chief may be pleased to direct.

(Signed) JOHN ABERCROMBY,
Lieutenant General.

On the occasion of pardoning the Prisoner Private Thomas Fullam of His Majesty's 89th Regiment, His Excellency the Commander in Chief deems it necessary to explain to the Army, that the nature and magnitude of the offence would have precluded such lenity under any other circumstances than have combined to sanction the exercise of mercy, in a case so decidedly necessary to be marked by the severest example; but, the recommendation of the Court, the general state of discipline and subordination of the Army, the rare occurrence of the crime amongst the Soldiers of this Army and the late exemplary and gallant conduct of a Detachment of the Regiment to which the Prisoner belongs, when employed in Java, as well as the general orderly conduct of His Majesty's 89th Regiment in Garrison, have influenced the Commander in Chief to hope, that the exercise of the power vested in him to remit such sentences will not be misplaced.
